EMERGENCY CALL VOLUME

in the news

BFC is increasing paid staffing in an effort to address the decline of volunteerism and improve safety of responses. BFC is working with T/E officials to address long-term infrastructure needs.

In 2020, our volunteers & career staff attended to 450 confirmed or suspected COVID-19 positive patients. Fortunately, BFC was able to keep the expenses for PPE, disinfectant and cleaning supplies under control due to grants and other special funding.
